

# **Department of Computer Science and Engineering**

**Data Fusion Laboratory,  
Io T Laboratory &  
Modernization of classrooms**

**Duration of the project: 01 Year**

**Coordinator: Head**

**Department of Computer Science & Engineering**

- **Department of Computer Science and Engineering** is inviting sponsorships from the alumni for setting up
  - **Two laboratories and modernization of classrooms/ seminar room.**
- **Data Fusion Laboratory – will consist of**
- **high-end workstations** and software for advanced machine learning/AI research centre
- It will be a major boost to the researchers.
- Smart **Interactive white board** installation in classrooms to enhance teaching learning process.
- High quality **Sound system** for seminar room
- An IoT laboratory with **25 Arduino kits** will be set up.

# Budget

| Project/Item                  | Quantity | Approximate Cost |
|-------------------------------|----------|------------------|
| Data Fusion Laboratory        | 01       | 3,80,000/-       |
| Smart Interactive white board | 04       | 2,00,000/-       |
| Sound System                  | 01       | 1,50,000/-       |
| Arduino Kit                   | 25       | 1,00,000/-       |
